

## IMPORTANT APRIL COURT SERIOUS CRIMINAL CHARGES TO BE HEARD

Ten Civil Cases of More Than Usual  
Interest Involving Some  
Large Claims.

The outlook for the April court is for the trial of a number of very important criminal and civil cases. The two criminal cases involving charges of breaking into a dwelling house with intent to commit a felony are felonies triable in the Oyer and Terminer court and this necessitated the impaneling of 48 petit jurors for the April Court Criminal Cases.

Eleven cases have been returned for trial in the criminal courts.

Com. vs. Francis Hildebrand in which upon oath of Geo. W. Swartz defendant is charged with having taken from him \$10 to execute and do his duty and office as a Justice of the Peace, returned from Justice J. L. Hill.

Com. vs. James Pittenturf charged on oath of Mary S. Shearer with breaking into house with intent to commit a felony, returned from Justice J. L. Hill.

Com. vs. Charles Trimmer charged on oath of Mary S. Shearer with breaking into house with intent to commit a felony, returned from Justice Wm. P. Quimby.

Com. vs. Joseph Yohe, charged on oath of James Ross with horse stealing. Returned by Justice Wm. P. Quimby.

Two cases of Com. vs. John Woodyard (colored) both on oath of Raymond Lewis, one charging an assault and battery by striking with the fist and the other surety of the peace on alleged threat that "he would knock his head off." Both cases were returned by Justice V. H. Lilly of McSherrystown.

Com. vs. Robert Weikert charged on oath of Samuel Reinecker with fornication and bastardy, returned by Justice J. L. Hill.

Com. vs. John Sponseller charged on oath of David Tipton with having wantonly and cruelly ill-treated and abused his horse, returned by Justice J. L. Hill.

Com. vs. George Shafer charged on oath of Wm. Barkdoll with larceny of a piece of rubber hose, returned by Justice J. L. Hill.

Com. vs. Sylvester Rider charged on oath of H. M. Golden with larceny of seven chickens worth \$2.50, returned by Justice V. H. Lilly.

Com. vs. Henry Martin charged on oath of Edward Rider with receiving seven chickens from Sylvester Rider knowing the same to have been stolen, returned by Justice V. H. Lilly.

### Civil Cases.

Ten cases are on the civil list for trial at the April court and the majority of them are cases of very interesting questions of fact and law, three being old cases and seven new ones.

The first case is that of Daniel P. Wagner vs. Wm. T. Spangler, an action of assumpsit for a balance of purchase money of \$38 and \$6.42 for material. Defendant admits latter sum and would avoid payment of the first because deed was delivered to him. This is the case that was continued by Providence at the last court. After nearly every witness had been heard it was found that the one remaining witness had had his vocal chords paralyzed while on the streets of Gettysburg. When continuance came about it was thought case would never be tried again but adjusted and such will likely be the case. C. W. Stoner and W. C. Sheely, Esqs., for plaintiff and J. L. Butt, Esq., for defendant.

Michael Felix vs. E. M. Bittinger is an action of trespass appealed from docket of V. H. Lilly. J. P. E. A. Weaver, Esq., for plaintiff and C. E. Ehrhart and C. S. Duncan, Esqs., for defendant.

John H. Miller vs. Pennsylvania R. R. is third on trial list and is an action of trespass for damages for \$5,000 for being put off train at night between Hanover and Littlestown because short in his fare a few pennies, though a friend volunteered amount demanded. J. L. Williams, Esq., for plaintiff and N. M. Warner, Esq., of York, for defendant.

The first new case on the list is that of John Nevin Hake vs. Union Telephone and Telegraph Co. Plaintiff alleges that he was a climber for defendant and was sent up a pole in McSherrystown which the company knew was bad and that condition of pole was unknown to him. That while on pole it broke and he was thrown to ground

and was nine weeks in a hospital and sued for \$20,000 damages. The defendant pleads not guilty to the alleged trespass. J. L. Butt, Esq., for plaintiff and Wm. McSherry Esq., for defendant.

J. L. Butt vs. Gettysburg and Harrisburg R. R. Co. is an action of trespass in which plaintiff claims damages to the amount of \$5,000 for the killing of a valuable colt and injuring two others by a train on road last year. The defendant has pleaded not guilty. J. L. Williams, Esq., for plaintiff, S. S. Neely, Esq., for defendant.

The case of the Commonwealth ex rel. Chas. H. Wilson, constable, vs. Gettysburg Gas Company is down for trial, involving an appeal from decision of Justice J. L. Hill in finding defendant \$100 for placing poisonous substances—gas tar—in Stevens run and Rock Creek and killing many fish thereby. W. C. Sheely, Esq., for plaintiff, S. S. Neely, C. S. Duncan and D. P. McPherson, Esqs., for defendant.

There are three cases of Hyman Lochman and Samuel Lochman, trading as H. & S. Lochman vs. Hartford Fire Insurance Co. located at Hartford, Conn. The Fire Association of Philadelphia and The Farmer's Fire Insurance Company of York, Pa. The plaintiff has sued each of the companies for \$1,000 on policy of fire insurance for loss by fire. This is the clothing firm burnt out in the Yount store building last summer in Littlestown. An explosion preceded the fire and the defendants allege that there was on the premises some substance to cause the explosion, which the policy forbids the insured to have. Geo. J. Benner, Esq., for plaintiff, C. S. Duncan, Esq., for defendant.

The last case is that of Geo. B. Hoover vs. John Kimple, a case in assumpsit in which plaintiff alleges that defendant sold him all his rights in a restaurant in Maryland for \$700 guaranteeing that it was good, valid and all right. The defendant denies that he gave any such guarantee but that plaintiff bought property at his own risk and is not liable for any loss. D. P. McPherson, Esq., for plaintiff and C. S. Duncan, Esq., for defendant.

### First Visitors of the Season.

## EXCELLENT ENTERTAINMENT

With Local Talent Showing to an Advantage

David Garrick given under the auspices of the Gettysburg Lodge I. O. O. F. greatly pleased a large audience in Xavier Hall on Wednesday evening of last week and proved an excellent entertainment. The entire cast was filled locally with exception of that of David Garrick by Eduard Waldmann.

The audience was delighted with the playing of our home people and it can be said that they had their parts well in hand and carried them out in a most fetching way. J. A. Holtzworth and Miss Minnie Spangler as Mr. and Mrs. Smith, Mark Eckert as Mr. Brown with Miss Daisy Long as Miss Araminta Brown his daughter and Charles C. Sefton as Mr. Jones in their funny parts captured and kept the house in a roar from the time they appeared on stage until their exit. H. O. Himes as Simon Ingot the London Merchant and John Garvin as tipsy Squire Chivey were good creations and well played. Miss Nina Thoru as the heroine was excellently handled with Mr. Waldman as David Garrick. There was nothing wanting in the minor parts taken by Chas. Williams as Ingot's butler and H. A. Elliot as Garrick's valet. The expression heard from many was that there are shows of alleged professionals who visit this place that could not compare favorably with this one.

Between acts 2 and 3 the Degree Team of the I. O. O. F., led by Charles Williams and J. A. Holtzworth gave the Guard Drill, in full costume and colored effects, winning enthusiastic applause from audience.

### Base Ball.

Gettysburg College had its own way last Saturday with the Lebanon Valley team and piled up a score of 10 to 1. At Washington last Saturday the base ball team from Western Maryland College, at Westminster, defeated the team from the well-known deaf mute college, Gallaudet, by the score of 4 to 2. Western Maryland will play Gettysburg on Nixon Field next Saturday afternoon at 1:30 o'clock. The game, it is expected by the management, will be harder than the one last Saturday, when Kauffman held Lebanon Valley College to 6 hits and one run. Admission 25 cents.

## QUESTION OF TOWN SEWER

CONSIDERED BY TOWN COUNCIL  
AT A SPECIAL MEETING.

The Effort is to Eliminate What  
May Not be Needed at Once  
and Reduce Cost.

The Town Council held an adjourned session on last Friday evening to consider the sewer question. All members were present at the meeting.

Wm. P. Quimby, Esq., on behalf of Maurice Fox asked the Council not to move his stand in the square, on account of expense to him in moving and other reasons were suggested for reconsidering the action taken on Tuesday evening before, as appears on second page. It was represented by Councilmen that the house had proven to be somewhat annoying to the bank when crowds of boys gathered about it with their noise. A motion prevailed that Highway Committee carry out their instructions to move building or have it moved to different point where it would give less annoyance and at same time it was thought that Mr. Fox should be favored as much as it was possible to do.

The bill of the Fabric Hose Company for 500 feet of hose at 80 cents, a total of \$400 was ordered to be paid.

The consideration of sewer question opened with a display of a blue print showing how the town had been plotted and various parts which it was believed need not be built at once.

As plotted the sewer extends almost full length of Baltimore and Carlisle, Washington and Stratton streets north and south and Chambersburg and York, Middle, High and Breckinridge, parts of Stevens, Lincoln and Broadway streets, east and west. It seems to effectually cover the town and has been placed at a depth to drain all cellars. The deepest digging at any one point would be about 15 feet. It makes use of the run west of town near Meade High School building, called the Tiber, and Stevens' run further down. Use is made of the Winebrener run in part until it is carried into sewer in eastern part of town, and the outlet of the whole system is along Stevens' run, near Rock creek. No use is made of any of the sewers now in town.

The Councilmen discussed whether parts of the sewers now in town could not be used and so reduce price and a motion prevailed that Mason D. Pratt engineer, be asked to meet committee and go over town and sewers here and give his opinion of any advisable changes in order to use same and so reduce the cost.

It is the effort to keep the cost within the limit of the debt incurring power of borough without asking vote of the people. If it exceeds this limit the Council will ask the citizens of town to pass upon subject and may appeal to the citizens in any event.

### Weddings in Near Future

Miss Helen Claybaugh daughter of Judge and Mrs. Harry M. Claybaugh will be married April 29th to Benjamin P. Lamberton, Jr. of Schenectady, New York. The ceremony will take place at 4 p. m. at St. Thomas Protestant Episcopal church, Washington. The bride will be attended by her sister Miss Catherine Claybaugh as maid of honor. There will be six bridesmaids, among them two sisters of the groom and Miss Blanche Burrell.

Cards have been issued announcing the coming marriage of Miss Ella May Erb, daughter of Mr. and Mrs. Ephraim Erb and William Brook Yantis, only son of Margaret Yantis, both of Hanover, at the home of the bride on April 18. The deceased father of groom was a well known citizen of Littlestown.

### Improvements.

**OUTDOING EXPECTATIONS.**

**Wonderful Success of L. M. Buehler's Half-Price Sale of Dr. Howard's Dyspepsia Specific.**

We are always glad to print in the COMPILER a story about a remarkable success achieved by advertising, and especially so when the article advertised is one of superior merit. Not so very long ago L. M. Buehler, one of Gettysburg's most enterprising druggists, succeeded in getting the Dr. Howard Co. to allow him to sell their Specific for the cure of constipation and dyspepsia at half price, as an introductory offer. The results of this advertising have been phenomenal, and there has been hardly a week without L. M. Buehler being obliged to order fresh supplies. Such was his confidence in the remedy that he personally guaranteed every package of the Specific that has been sold, and agreed to refund the money if it did not cure. His faith was well founded, for out of the hundreds of packages he has sold, only one has been returned.

**HURT WHILE SPLITTING RAILS**

**Cashtown, April 3rd.**—Mr John C. Stover sold about 7 acres of land improved without buildings to Clarence A. Heiges, consideration \$450.

Ex-Squire Jerome W. Keller has moved into Jervin Freeds house in Hilltown.

Daniel McDannel who had several light paralytic strokes has sufficiently recovered to be able to be out and about.

Geo. W. Sharrab while splitting rails one day last week, struck at the wedge but missed it and struck his foot, bruising it very badly.

Harvey W. Hartman, who had been employed by the Arendts at their mill, has moved into his house, bought from Joseph Steinberger in Cashtown.

At this writing Geo. W. Lauver above Cashtown is very poorly.

The heirs of Joseph Rife, deceased, sold the Jacob Mickley property to Harvey Wetzel.

Miss S. P. HORNER is preparing for her millinery opening on April 6, 7 and 8 and she will be prepared to offer unusually choice styles from New York, Philadelphia and Baltimore at prices to suit all. A cordial invitation is extended to all to attend. No. 6 Chambersburg St. m29-21

**A BIG BUILDING BOOM**

**A NUMBER OF DWELLINGS IN PROCESS OF ERECTION.**

**Flint Deposits Have Attracted Attention and Another Mill May be Located.**

**Bendersville, April 3.**—From present indications Bendersville Station will have quite a building boom this coming summer. F. A. Asper will build two dwellings and has already nearly completed a new barn, J. J. Rex a dwelling, Harry Naylor a house and machine shop, H. J. Gulden a house and probably a machine shop, and others are spoken of.

Isaac Bender of Altoona, was a recent visitor among his numerous friends in and around town.

Wm. Diehl moved on Thursday to the farm of Hon. W. A. Martin near Heidlersburg.

Mrs. Lottie Nelson of York county, visited her parents last week, Mr. and Mrs. E. W. Wahley.

From present indications we will have another flint mill established in this locality. H. J. Gulden has had several parties interested in the flint business of Lehigh county, viewing his farm where large quantities of flint exists and from our information, they intend purchasing the farm and converting the grist mill, which is on the farm, into a flint mill.

James Baish, of the station, left for Altoona recently where he will follow his trade as painter.

Chas. Lerew now conducts the mail and passenger business from here to Bendersville Station.

Wilson Blocher and Lawrence Wright of Harrisburg, spent Sunday last with their parents. D. P. D.

**A TOWN OF MANY VEHICLES.**

**East Berlin, April 4.**—Susannah Brough nee Gochnaur, widow of Rev. John Brough, died at her home in Reading township on last Thursday aged 75 years, 7 months and 24 days. Her husband died about two years ago. Death was due to heart trouble and she was in bed but ten hours. Funeral on Sunday at Mummert Meeting House with services by Revs. D. H. Baker and C. L. Baker. A. B. Trimmer was funeral director.

Infant daughter of William Seabright in Reading township died on Sunday aged 5 months, and will be buried today in East Berlin cemetery.

Mr. A. Brenizer of St. Louis, after visiting friends in the East and this neighborhood, left yesterday for his western home.

M. M. Bowser who bought the Freestone property on the corner of Abbottstown and Locust streets is erecting a large building in which to store goods, and also a repair shop for buggies and vehicles.

Two carloads of vehicles are on the way to M. M. Bowser, phaetons, buggies, surreys and stick wagons. Gise and Miller sold in March 31 buggies. East Berlin is the town for all kinds of vehicles, there being over 100 conveyances of all kinds in use in this town.

A. A. Gruver is West buying up another carload of horses.

Potatoes are plenty and cheap, some were offered in town last week at 20 cents per bushel.

A. F. Gitt who was confined to bed is out again. Dr. J. A. Wolf who was critically ill last week is convalescent and his wife is doing as well as can be expected.

Mrs. Martin Stambaugh died on Sunday at her home near York Springs of blood poisoning. On Monday preceding she was doing the usual week's washing and hurt one hand until it blistered. It became very sore and finally blood poisoning and death resulted. She was buried yesterday at Hampton.

**BARLOW ITEMS.**

**Barlow, April 3.**—Mountjoy Union Sunday School organized last Sunday morning electing the following officers for the ensuing year:

Superintendent John W. Benner, Assistant John W. Black, Secretary Howard T. Maring, Librarian Miss Effy Blanche Schwartz and Charles H. Benner, Treasurer Harry T. Shryock. School will meet April 9th and all are invited to attend.

A destitute young lady arrived at the home of our genial mail carrier, Samuel D. Weikert, on route 2, on last Sunday night, who carries his head over a foot higher in the air than most other people and smiling, admits that he hadn't the heart to turn her out.

The communion Services at Mountjoy church were largely attended on Sunday morning, April the 2nd.

There will be no services at Mountjoy on Sunday next as the pastor, Rev. Minniek, will have communion at Harney.

Bessie Schriver, daughter of Jacob C. Shriver, of Cumberland township, unexpectedly developed a case of measles on Monday. J. F. S.

**Covert Jackets**

The ordinary city paper advertisement is trying to mislead its readers in that you can buy **COVERT JACKETS** very much under value which, if true, would be a refutation of the fact that supply and demand make prices. The demand for Covert Jackets is extraordinary everywhere, and the cloth makers are entirely unable to catch up. Is it probable, therefore, that Covert Jackets are being sold anywhere—Jackets that are rightly made and that fit—at such cut prices as you would be led to believe.

**We Welcome Price Competition**

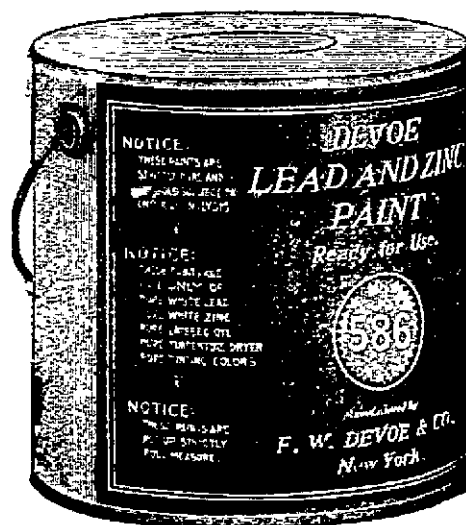

On Covert Jackets. Our early orders for Jackets, as well as duplicates, are being filled a few at a time but, we have been able thus far to fill the demand fairly well.

## BABY TUCKER'S WONDERFUL CURE

Covered from Head to Foot with Humours—Forty Boils on Head at One Time—Doctors and Drug Bills \$100—Baby Grew Worse.

### CURED BY CUTICURA FOR FIVE DOLLARS

Mrs. George H. Tucker, Jr., 335 Greenfield Avenue, Milwaukee, Wis., is a grateful mother. "When six months old," she says, "my little girl weighed a pound and a half less than at birth. When one month old a scab formed on her face, spreading until it completely covered her from head to foot, followed by boils, having forty on her head at one time, and more on her body. Then her skin started to dry up, and it became so bad she could not shut her eyes to sleep. One month's treatment with Cuticura Soap and Ointment made a complete cure, and now my child is as large, strong, and healthy as any child of her age. The doctor's and drug bills were over one hundred dollars, and my baby grew worse all the time. Then we spent less than five dollars for Cuticura and cured her."

### CUTICURA A BLESSING

To Skin-Tortured Babies and Tired Mothers.

The suffering which Cuticura Soap and Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for birth humours, milk crust, scalled head, eczema, rashes, and every form of itching, scaly, pimply skin, and scalp humours, with loss of hair, of infancy and childhood. Guaranteed absolutely pure.

Cuticura Soap, Ointment, and Pills, are sold throughout the world by the Cuticura Drug & Chemical Co., Boston, U.S.A. Send for "How to Cure Baby Humours."

### PROVINCING THE GROUND

Followed by Marvelous Crops to the Farmer.

The up-to-date farmer no longer spends hundreds of dollars annually in buying fertilizers for his acres. Instead, he sends to the Department of Agriculture in Washington and receives a little package of bacteria and with these he vaccinates his soil, enables his plants to draw their nitrogen from the air instead of from the ground, and increases his crops from 100 to 1000 per cent. Here are a few specific instances:

A field of poor ground was divided into halves, and one of the halves was vaccinated by the new method. The untreated half of the field produced only 200 pounds of clover to the acre. The inoculated field produced 2000 pounds to the acre.

Similarly, two fields of vetch were experimented with, the untreated patch yielding 581 pounds and the treated patch 4501 pounds to the acre, or an increase of almost 800 per cent—a single vaccinated acre producing as much as eight unvaccinated acres.

Again, adjacent fields were treated and left untreated, the soils producing respectively 8292 and 372 pounds of crimson clover to the acre. In other words, the vaccination repaid very nearly \$20 for \$1.

A Maryland farmer who had been obliged to abandon two-thirds of his farm because it was "worked out," in creased his output 500 per cent., simply by vaccinating his soils. Scores of similarly abandoned farms were reclaimed.

To understand the simple principle of this revolution in agriculture it is necessary only to bear in mind that nitrogen is one of the chief foods of plants. Potash, iron, etc., a plant must have to thrive, but nitrogen is one of the most important of all the elements in plant diet.

Ordinarily, plants take their nitrogen out of the ground through the medium of their roots, and each successive crop draws on the nitrogen supply of the soil, so that, unless the drain is balanced by putting back just so much of the valuable food, the ground will become lean and poor and, eventually, useless.

It was the German Professor Nobbe who found under the microscope soil bacteria having the faculty of drawing nitrogen from the surrounding air and by storing it up, rendering it available for plant food. However it was Dr. George T. Moore, in charge of the Laboratory of Plant Physiology, Department of Agriculture who took up the invention and made it practicable.

With this success phenomenally established, it remained merely to enable the cultures to be distributed in sufficient quantity to become of practical use. It was found that when these bacteria were grown on nitrogen-free media they retained their high activity providing they were carefully dried out and revived in a liquid at the end of varying lengths of time. By using an absorbent, like cotton, which will absorb millions of tubercle-forming bacteria these could be shipped to any part of the United States and arrive in perfect condition, ready to be revived in water and to be cultivated into untold billions by the simple addition of certain nutrient salts. Thus, by sending out a dry culture no larger than a yeast cake, the bacteria might be multiplied sufficiently to inoculate at least an acre of land. In fact, the amount of material thus obtained is limited only by the quantity of the nutrient water solution and it must be

The American Farmer the Best in the World.

The American farmer is the greatest man in the world to-day because he is master of the soil—he is gaining in intelligence quite as rapidly as his products are increasing in magnitude. Our recent combines of capital in United States measured in money are enormous, yet such figures sink into insignificance when compared to the money, brain and brawn invested in agricultural industries. For instance, the farmers of Minnesota and Dakota have received \$500,000,000 for their products in a single year. The farmer knows what Nature will bring forth for him from his experience in the past. He knows if certain seeds are planted and properly cared for that Nature will take care of the rest. In the same way you are master of your own destiny.

Providing your blood is in good order, it only needs a little effort on your own part to keep healthy and strong—rid your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Dr. Pierce's Golden Medical Discovery makes rich red blood—by increasing the number of red blood corpuscles. There is no alcohol in this great tonic to shiver up the red blood corpuscles. As an alternative extract, made only of herbs and roots it goes about its work in nature's way. It stimulates the liver into proper action, and feeds the worn-out nerves, stomach and heart on pure blood. Used for over a third of a century it has sold more largely than any other blood medicine in the United States. More bottles of Dr. Pierce's Golden Medical Discovery are sold to-day than ever before—that is a true test of its medicinal value after thirty-eight years of deserved popularity.

Dr. Pierce's "Medical Adviser" sent on receipt of stamps to pay for mailing only. Send 21 one-cent stamps for book in paper covers, or 31 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N.Y.

## FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

### THE ORGAN RECITAL.

#### A Magnificent Organ in Hands of a Skilled Musician.

The new Moller organ which the Moller Company of Hagerstown installed in St. Francis Xavier church was displayed to great advantage at the opening concert on Tuesday evening of last week. The program was a most excellent one and was one of the rarest musical treats given in this place for a long time. No one part overshadowed the other but all were excellent.

Leo F. Stock, Esq., in the baritone solo gave evidence of a rich, fine voice which was a revelation to those who had never heard him.

Mrs. I. Paceti of Baltimore with a magnificent full sweet soprano thrilled the audience.

Miss Annie Wisotzkey, the organist of the church in the magnificent showed that already she skillfully handles the organ and the church is to be congratulated on large choir of excellent voices lead by one devoted to music, Charles Stock, of this place.

Prof. Robert Le Roy Haslup, the well known organist, of Brown Memorial Presbyterian church of Baltimore, is a master at the organ, a genuine musician, one who seeks to bring out all the music devoid of showy effects. There is something about the music of a good pipe organ which can only be compared to the music of nature, the winds, the waters, the trees and elements and it was this genuine musical effect which Prof. Haslup developed, displaying, also in a large range the capacities of the organ.

Rev. Fr. John Codori, of Lock Haven, Rev. Fr. Wm. Martin, of Elizabethtown, Rev. Fr. McCreary, of McSherrystown, Rev. Fr. Kohl, of Littlestown, Rev. Fr. Reudter, of New Oxford and Rev. Fr. McDermott, of Waynesboro, were among the visitors to enjoy the recital.

The following was the complete program.

Rhinberger, Pastorale Sonata, Founded on the Eighth Gregorian Tone, Prof. Haslup.

Baritone Solo, "Ave Maria," Lingi Luzzi, by Leo Stock, Esq.

Guilmant, Dreams, Seventh Sonata, Prof. Haslup.

Soprano Solo, "Salve Regina" Dana, by Mrs. I. Paceti.

Nevin, Lemare, Slumber Song, by Prof. Haslup.

Mozart, Andante, by Prof. Haslup.

Soprano Solo, "Judith" Concone, by Mrs. I. Paceti.

Haslup, Spring, Pensée.

Magnificat, Chorus, Choir, by Miss A. Wisotzkey, Organist.

Hofman, Improptu, by Prof. Haslup.

Solo "Nearer My God To Thee," by Mrs. Paceti.

Dubois, March Heroique, by Prof. Haslup.

## National Guard.

It can be stated that Gettysburg will not get the division encampment of the National Guard this year. Adjutant General Stewart wanted it to come here but the Brigade Generals Schall, Wiley and Gobin were for brigade encampments. Camps have been selected by the latter two but General Schall of the First Brigade was not decided upon his camp and there is hope of Gettysburg obtaining the same.

## DOUBLE TRACK W. M.

## Chambersburg Trolley Building This Way.

General Manager Landstreet of the Western Maryland Railroad announced last week that the system will be double tracked and that curves between Emory Grove and Hanover will be straightened. The company has already begun work on double tracking the main line and work on the Baltimore and Harrisburg division will be started at an early date. It is said that the heavy tonnage from the coal fields of West Virginia and from the west when the connection with the Wabash is completed will make the double tracking necessary. Grades will be reduced. As the building of the link progresses to bring the Wabash to Baltimore the prospects for this territory brightens. Of the 1800 new freight cars recently ordered by the Western Maryland 300 will be built in Baltimore, 500 in Johnstown and 1000 in Berwick, many of them are expected to be completed by early fall.

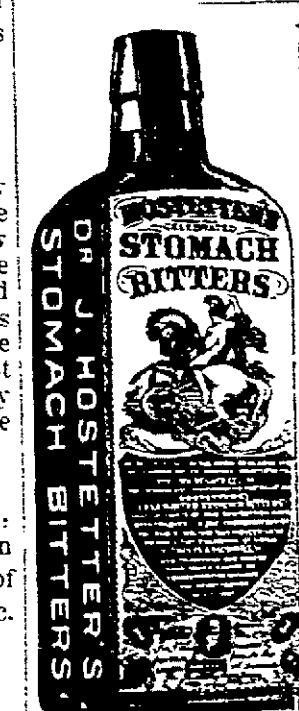

Surveyors have run the line of the extension of the Chambersburg and Gettysburg trolley line to the hotel at Graeffenburg. A force of about 40 men are now at work on the extension to Caledonia furnace and it is expected to have the work completed in May provided the steel rails arrive, ties being already laid half the distance.

The work will not be stopped until the bridge at the old Caledonia furnace over Raccoon run is reached. From the old flint mill to the bridge the turnpike will be used. The new owners of the trolley line have been able to secure the concession for extending into the forestry reservation, something the old owners could not accomplish and it is said the line is sure to go to Graeffenburg this year and there have been developments lately which lead to conclusion that the Gettysburg extension is an early possibility.

Preliminary work on the proposed electric line from Hanover to Littlestown is said to have begun and that the work will be pushed rapidly.

## Hit by Dynamite Cap.

When Reigle Brothers took possession of the mill bought of Jacob I. Heretier April 1st there was a cleaning and re-arranging about the mill. A quantity of old paper was being burnt in stove. In some way an unexploded dynamite cap went into the stove with the paper and later an explosion followed and cap flying struck E. S. Reigle in face near the right eye. The eye was not touched and he is fortunate in escaping injury to sight, though meanwhile nursing a very painful wound.

## Dead and Buried at Sea.

News came last Thursday of the death and burial at sea of a native of the county and the son of one of our prominent citizens, David Slagle, son of George F. Slagle, of Oxford township.

The young man, who was about 24 years of age, was in charge of a restaurant at Washington Park, Philadelphia. He informed his father, George Slagle, a short time ago by letter, that he intended taking a short trip to London before the park season opened. Since then nothing was heard of him until Thursday, when the sad news of his death was received.

The message stated that the young man took sick and died aboard ship and was buried at sea. He is survived by his father and three brothers—Harry, of Oxford Township, Howard, of Hanover, and Calvin, of Iola, Kan.

Howard Slagle has gone to Philadelphia for more definite information about death of his brother.

## WATCH THIS MOVEMENT.

The State Highway Commissioner has been asked by citizens of York county whether it would be legal to use the amount set aside for that county with which to build state roads for the purchase of the turnpikes of that county. If this is allowed in York county it must of course be allowed in this county. It would require the townships and county to each pay one sixth of the value of the pikes. The pikes ought to be bought at small outlay and it would be a capital way to make the pikes free. It is to be hoped that the State Highway commissioner will approve.

## SCHOOL FIRE DRILLS.

There are a number of schools in this county in which the practice of a fire drill should be gone through, with as much regularity as any part of the course. The fire drill can not be too strongly encouraged or insisted upon in all public schools held in buildings in which the lives of the children could be put in jeopardy at any time. Its value as a saver of human life has been demonstrated repeatedly and only a few weeks ago in Minneapolis the fire drill enabled 800 children to walk safely from a burning school building which was totally destroyed. The practice of the drill encourages a presence of mind and discourages all those things which help to create a panic.

## ADVISED FEE SYSTEM.

The Sheriff of York has adopted a new system of fees with the assent and endorsement of the members of the bar of that county. It is simply this, that all costs in all writs except writs of execution must be paid before returns or service upon such writs are made by the said sheriff. This would be a good system for the Prothonotary and Sheriff of Adams county to adopt. As it is the Prothonotary charges the attorney issuing the writ and he is held if his client does not pay and the Sheriff serves and takes his chances. If the system of paying when writ is issued was adopted it would relieve lawyers and officers and compel the litigant to have enough faith in his cause to put down the necessary costs to start it.

## ENCOURAGE ALL TROLLEYS.

With rumors of trolleys from Mt. Holly, with the possibility of the building of the Chambersburg and Gettysburg line, with the building of the road from Hanover to Littlestown, every citizen and land owner ought to go to work to do his utmost to encourage the building of the trolleys. In doing this he need have no other incentive than his own selfish interests. It is possible rights of way may be wanted at less than land owner believes the same are worth but the return to the land owner comes later and he should not drive a discouraging bargain. A real estate dealer of York said last week that the increase in the price of farm lands along the trolley lines in that county has been fully 50 per cent. There is hardly an acre of land along the York and Wrightsville trolley line to be had at any price. One property owner was offered and refused \$1000 an acre. Similar jumps in real estate values are reported along the other York county trolley lines. Farm properties along a trolley line become much desired possessions with all their advantages and the increase in value is sure to follow. So encourage all trolley building, with rights of way or in any other way in your power.

style and finish is the limit of the printer's art. This edition will however be distinguished from all others by the almost four hundred pictures by J. James Tissot, the great French artist, about one third of them in color. The artist spent twenty years in Palestine sketching and painting, making himself familiar with the country, the people, the colors and all that go to make up their life. The pictures in color reveal all that glory of oriental color well known to the traveler in Palestine and Egypt and other Bible lands. In the pictures are preserved the native types and they are handled with a daring but reverent imagination and originality giving a new point of view of the subject. The illustrations are a wonderful help to an understanding of the text. To the student or one who loves his or her Bible this edition will undoubtedly be more highly prized than all other editions. The easy term plan makes it accessible to any one who wants it. A copy of the work can be seen at this office by any one desiring to examine it.

## PREFERRING TO BE RIGHT.

Senator D. P. McPherson demonstrated last week that he would rather be right and be in the minority than wrong with the machine majority. He was one of four Republican Senators who voted against the Philadelphia ripper bills, framed for the purpose of protecting vice in that city, in exchange for the support and boodle given the machine and its gang. Honor to Mr. McPherson for his stand against the corrupt end of his party. Hon. Charles L. Longsdorf was one of seven Republicans in the House last week who refused to vote \$20,000 for a monument to the greatest corruptionist Pennsylvania has ever had—Quay. This vote is to be approved and that of Senator McPherson disapproved in favor of the bill. Adams County is making a good showing at Harrisburg. But where, oh where is Robert H. Wilson. Sad to say he seems to be with the machine.

We desire to call the attention of the farmers to the article on third page entitled "Inoculating the Ground." It is a matter that deserves their attention. The article appeared in a reputable magazine and contained most astonishing assertions. Every farmer ought to investigate the matter so that he may experiment along the same line.

## Letter to J. L. Butt.

Gettysburg, Pa.  
Dear Sir: What would be the result of selling poor paint with this guarantee?

"If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it."

"We authorize him to do what is right at our expense."

That means pay damages, don't it? Here's another guarantee;

"If your state chemist finds this paint adulterated, we will pay his bill, and send you \$1000."

We stand by both of these guarantees; as we are the maker, we know all about it.

## Medical Society Meets.

The Adams County Medical Society met on Monday afternoon in Court Room. Dr. J. W. C. O'Neal, President of Society in chair. Those present were Drs. J. P. Dalbey, Henry Stewart, and H. M. Hartman, of Gettysburg, R. B. Elderdice, of McKnightstown, A. C. Rice, of McSherrytown, H. B. Hoechst, of East Berlin, R. N. Trout, of Fairfield, G. E. Spatz, of Hampton, and T. C. Miller, of Abbottstown. After routine business had been discussed of two papers were read and discussed.

Dr. Elderdice read a paper on physicians fees, saying a physician's education costs from \$5,000 to \$8,000 and his services were worth the hire. He advised that charges should be for services rendered and not for results and to make results as good as they can be made. He told an anecdote which he declared to be true but several years old and was on a Gettysburg Doctor. That a physician was asked one night how much he wanted for a 6 mile drive and answered \$1. That it was made in company with one who asked for it. That when destination was reached he asked to see patient and was told by man that he wanted to get home and as his wife wanted \$5 and the Dr. \$4 he was ahead and had the physician's society and handed out the money.

Dr. J. P. Dalbey read an interesting report of a case of cancer of lung and its cure by the Society that the report should be sent to the State Society for publication.

## 64 FLITTINGS IN MOUNTJOY.

Two Taverns, April 10—Schools are all closed, spring sales are about all over and most of the flittings are flitted. How many in Mountjoy township would you guess there was this spring? Not so many as last spring. Last spring we had 54, this spring 64. One would not think there were so many until we look around, make inquiry and count them. I have about concluded our locality is not given to industry any more than other localities, only you do not notice it until you get to counting. I call it industry because it usually makes some people very industrious till they get everything moveable in place again.

Farmers are busily engaged now with spring work, some oats has been sown though the output of the crop will not be large. Many farmers will plant sweet corn in place of oats as it seems to pay better.

Jacob A. Appler, our crop correspondent to the Agricultural Department, reports wheat at 110 per cent. of normal growth and vitality, with grass in best possible condition at this season.

Milton E. Snyder has erected a wind mill and will build a new house this spring.

Samuel A. Wherley and Joseph Arutz each recently lost a valuable cow.

Emory Collins, of York, recently paid his two tavern friends a visit over Sunday.

Thomas S. B. Lanehart is visiting at Henry Carl's by special permission. Paul Schwartz, of Hanover, visited his parents over Sunday.

TAVERNA.

## CHALLENGE FROM

L. M. BUEHLER

Offer to Refund Money if Dr. Howard's Specific Will Not Cure Any Case of Constipation or Dyspepsia

L. M. Buehler is seeking the worst case of dyspepsia or constipation in Gettysburg or vicinity to test Dr. Howard's new Specific for the cure of those diseases.

So confident is he that this remarkable medicine will effect a cure, quickly and lasting, that he offers to refund the money should it not be successful. In order to secure the quickest possible introduction L. M. Buehler will sell a regular fifty cent package of this medicine at half price, 25 cents.

This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia, and all forms of malaria and liver trouble. It does not simply give relief for a time; it makes permanent and complete cures.

It will regulate the bowels, tone up the whole intestinal tract, give you an appetite, make food taste good and digest well and increase vigor. Joy and happiness will take the place of that "don't care whether I live or die" feeling.

# ALL OVER THE COUNTY

## SEVERAL MAD DOGS KILLED IN COUNTY LAST WEEK.

### Pet Ground Hog Stuffed—Pocket-book Lost in Snow Drift Turns up—Mountain Fires Out.

Dr. D. L. Baker of East Berlin, could not part with the pet ground hog he had had for about ten years when it recently died, and as the Dr. is a skilled taxidermist he mounted his weather prophet and has added it to his collection.

Charles Starnes of Mt. Tabor, recently found the pocket-book of Mrs. Jacob Sheffer, lost several months ago in a snow drift. It contained a certificate of deposit for \$130 and \$10 in money.

### A Began to Humanity

Mr. Thomas J. Coughlan of Lakeland, N. Y. in a letter takes occasion to say: "I have derived great benefit from the use of Baxter's Mandrake Bitters when suffering from indigestion and loss of appetite. I can also heartily recommend the Bitters as a blood purifier. It certainly is a boon to humanity."

Baxter's Mandrake Bitters has accomplished wonders for suffering humanity. It has rescued thousands of despairing victims of disease. Sold everywhere in liquid or tablet form at 25 cents. L. M. Buchter

Francis Gehhart killed a mad dog in Mountpleasant township not before it had bitten two of his own dogs and Mr. Gehhart then dispatched his own dogs.

**CREATED DEATH.**—Kidney trouble often ends fatally, but by choosing the right medicine. E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

42 tickets were sold from Bendersville to Gettysburg on April 1.

**A DAREDEVIL RIDE** often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Bucklen's Arnica Salve quickly healed it. Soothers and heals burns like magic. 25c at all druggists."

**HILLARD BROWN** of Reading township, lost a good work mule by death last week.

**A LAZY liver** makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

**OFFICE and bar-room** of Union Hotel McSherrystown, are now undergoing extensive repairs and improvements by the new proprietor, Clarence E. Dudgeon.

**PHYSICIANS** prescribe Bromo-Pepsin for headache, indigestion, nausea, and mental fatigue, because it cures and because it is compounded of pure and harmless ingredients. Note the word Pepsin. All druggists. 10c, 25c and 50c per bottle.

**JAMES R. NEELY** owns a ewe giving birth recently to a trio of fine lambs.

**DO IT TO-DAY.**—The time-worn injunction, "Never put off till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over 35 years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

**JACOB FIDLER** of Arundelville, lost all the family supply of meat last week when his smoke house went up in flames.

**RHEUMATISM PAINS QUICKLY RELIEVED.**—The excruciating pains characteristic of rheumatism and sciatica are quickly relieved by applying Chamberlain's Pain Balm. The great pain relieving power of the balm has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is a real worth more than its cost. For sale by Huber's Drug Store.

**DR. ROSS McKEOWN**, a homeopathic physician, was located at Fairfield.

**ELIZABETH**, a child, head, neck, and chest of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

**THERE** have been fires in the South Mountains, one near Mt. Holly, set on fire it is said by spark from a passing engine. It burned over several hundred acres, another near Pen Ma mount over a considerable area. The showers last week ended the fire.

**ABOUT RHEUMATISM.** There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useful lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Huber's Drug Store.

**RHEUMATISM CURED IN 24 HOURS.**—T. J. Blackmore, of Haller & Blackmore, Pittsburg, Pa., says: "A short time since I procured a bottle of Mystic Cure. It got me out of the house in 24 hours. I took to my bed with Rheumatism nine months ago and the Mystic Cure is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the Mystic Cure to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by Peoples Drug Store.

A CAR load of potatoes was recently shipped from Idaville which had been bought up at 25 cents a bushel.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

MRS. C. H. EMMERT of New Oxford has been successfully operated on in a Baltimore hospital and is rapidly recovering.

THE mother of Mrs. Sadler living near Idaville took a dose of aqua ammonia by mistake last week but is recovering from effects of same.

**CHAMBERLAIN'S COUGH REMEDY** THE BEST AND MOST POPULAR. "Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over all other good brands." "There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly." Sold by Huber's Drug Store.

**H. B. RILEY** of Edgegrove cut a deep gash in his left hand while cutting wood last week, it took three stitches to close wound.

**KEEP** your bowels regular by the use of Chamberlain's Stomach and Liver Tablets. There is nothing better. For sale by Huber's Drug Store.

A DIVORCE was granted Caroline Schwartz from Jacob N. Schwartz, in York county, last week.

**FOR A WEAK DIGESTION.** No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale at Huber's Drug Store.

**EDGENE DEVINE**, of Edge Grove, has been doing the shooting at some of the matches in and around McSherrystown and is one of the crack marksmen of the county.

**ORDINARY** household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

**J. H. FLYMIRE** is tearing down his cremery building, in New Oxford, and erecting in its place a double two story frame dwelling house.

**FAIGHTFUL SUFFERING RELIEVED.** Suffering frightfully from the virulent poisons of undigested food, C. K. Grayson, of Lula, Miss., took Dr. King's New Life Pills. "With the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all druggists.

**PARK GARDNER**, of Uriah, has a cow that gave birth to twin calves recently.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

**F. L. CHENEY & Co.**, Toledo, O. Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

**FRIEDLY MYERS** of Uriah, was smoking meat in an out house, last week, when building took fire but the bucket brigade prevented other loss than burning off of roof.

**LAST HOPE VANISHED.**—When learning physicians said that W. M. Smith, of Pekin, Ia., had incurable consumption, his last hope vanished but Dr. King's New Discovery for Consumption, Coughs and Colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it to overcome 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, Sore Throats or Colds—sure preventive of Pneumonia. Guaranteed, 50c and \$1 bottles at all druggists. Trial bottle free.

**RILEY SNELINGER** of Conowago township visited Baltimore last week to consult a specialist about a sprained ankle, injury dating back five or six years.

**CASTORIA.** The Kind You Have Always Bought

Bears the Signature of J. C. Watson

At shooting match in McSherrystown, Lewis Elmer won a record-load of gun.

**INFLAMMATORY RHEUMATISM CURED IN 3 DAYS.**—Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory Rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am—it saved her life." Sold by Peoples Drug Store.

SEVERAL large trees in neighborhood of Bowler were struck by lightning in the recent early electric storm.

**CASTORIA.** The Kind You Have Always Bought
